⬤ Education   Computer scientist EFZ specializing in platform development
🏠 Company   Swisscom (Schweiz) AG

PRACTICAL EXPERIENCE

Oct 2024 - Current	**IPA Project "AWS Hybrid Cloud Project Evaluation"**
	Roles: Solutions Architect, Network Engineer
	• **Skills gained:** BGP Routing, IPSec VPN, Site-to-Site VPN, Transit Gateway Routing
	• **Technologies used:** AWS, OPNSense Firewall, VMWare ESXi, Ubuntu Server, Cisco ASR, HERMES 5
Dec 2023 - Sep 2024	**Competitor Cloud Computing - WorldSkills 2024, Lyon**
	Roles: Competitor in Cloud Computing for Switzerland
	• **Skills gained:** Competition Scope: All AWS Services
	• **Achievements:** Medallion for Excellence in Cloud Computing
May 2024 - Sep 2024	**Cloud Foundry to AWS Migration Tool**
	Roles: Solutions Architect, Software Engineer
	• **Skills gained:** AWS CloudFormation, Application Design
	• **Technologies used:** Public Cloud AWS, Git, Cloudfoundry, Python
Sep 2023 - Apr 2024	**Project at Cloud Native Solutions "Site Reliability Engineer"**
	Roles: Solutions Architect, DevOps Engineer, Site Reliability Engineer
	• **Skills gained:** Production Apps in Kubernetes, AWS Automation
	• **Technologies used:** Public Cloud AWS, Git, Linux, Kubernetes, iKube (Internal Kubernetes), Cloudfoundry, Docker

Feb 2022 - Aug 2023	**Project at Swisscom Broadcast "ICT Network Eventsupport"**
	Roles: Network Engineer, DevOps Engineer, Project Manager/Project Owner
	• **Skills gained:** Advanced Networking, Routing/Switching, Firewall, Network Monitoring, ICT Project Planning, ICT Project Management
	• **Technologies used:** Cisco Switch, Cisco Router, Cisco Firewall, Linux, LibreNMS, VMWare ESXi, VMWare vSphere, Docker
	• **ICT Network Support at Events:**
	Assignments abroad:
	UEFA Conference League Final Tirana (Network Engineer, DevOps Engineer), UEFA Champions League Final Istanbul (Network Engineer, DevOps Engineer), UEFA Supercup Athens (Network Engineer, DevOps Engineer)
	UEFA Conference League Final Athens (Network Engineer, DevOps Engineer)
	Domestic assignments:
	2022/23/24 Openair Frauenfeld (Network Engineer / Project Manager), ESAF Schwingfest Prattlen (Network Engineer, DevOps Engineer), Energy Air Thun (Network Engineer), Refugee center Bern (Network Engineer, Project Manager/Project Owner)
Dec 2021 - Jan 2022	**Self-study in the area of Kubernetes**
	Roles: DevOps Engineer
	• **Skills gained:** Working with Kubernetes Deployments and Networks
	• **Technologies used:** Docker, Kubernetes, Linux
Aug 2021 - Dec 2021	**Project at ECM "Monitoring and test automation project"**
	Roles: DevOps Engineer
	• **Skills gained:** Monitoring of Services and Servers, Alerting, Agile ways of Working
	• **Technologies used:** Grafana, Prometheus, Linux

EDUCATION

Aug 2021 - Current	**Start of apprenticeship at Swisscom (Schweiz) AG**
	Computer scientist EFZ specializing in platform development
Jul 2020 - Jul 2021	**9. grade at Campus Muristalden Bern**
	Sekundarstufe

CERTIFICATIONS

September 2024	**Medallion for Excellence in Cloud Computing - WorldSkills Lyon 2024**
	https://www.pablo.one/certifications/worldskills/ https://www.pablo.one/projects/worldskills/
September 2023	**Swiss vice champion in cloud computing - ICT Skills 2023**
May 2023	**AWS Certified Solutions Architect - Associate**
	https://www.pablo.one/certifications/aws-certified-solutions-architect-associate/
September 2022	**AWS Certified Cloud Practitioner**

KNOWLEDGE AND INTERESTS

Language Skills	German (Native) English (Fluent)

IT Skills	Public Clouds (AWS), Private Cloud (VMWare vSphere, Proxmox, MAAS), AI Prompt Engineering, Terraform, Powershell, JavaScript, Linux, Kubernetes, Docker, Monitoring (Grafana, Prometheus, LibreNMS), SSL/TLS, Networking (BGP Routing, Static Routing, Switching, Firewall), DHCP, DNS, etc.
Private Interests	Sports (Gym), IT Projects (Programming, Cloud Computing), Cooking, Drone Flying
